It is important to follow the recommended storage conditions as written on the packaging for all products.

To return products, delivered in poor/ defective condition, by ISN, the following steps should be followed:

STEP 1

Send a complaint to customer@isnmedical.com or call 0800 225 5476. Please note that the intent to return a defective product should be made within 48 hours of receipt of the product. This should be accompanied by pictures of the defective product.

This will be reviewed and if appropriate, a claim confirmation will be issued.

STEP 2

Upon confirmation of your claim by an ISN representative, it is mandatory that the product be returned to the nearest ISN office within 72 hours of receipt of confirmation.

STEP 3

After return of product to ISN office, a qualified ISN representative will inspect and document product receipt. You will have the option to request for a product exchange; or a credit note to be applied on your account.

The following will be ineligible for returns.

- Return of products due to short- expiry dates for which dates had been previously accepted by customer prior to delivery.
- Damage to products due to poor handling by customer.
- Return of cold chain products in poor storage conditions (i.e., without icepacks or cooler boxes).
- Product returns after 72hours of purchase
